IAC Ch 81, p.1

441—81.44(249A) Directed in-service training.

81.44(1) *Required training.* The department of inspections and appeals may require the staff of a facility to attend an in-service training program if:

- a. The facility has a pattern of deficiencies that indicate noncompliance; and
- b. Education is likely to correct the deficiencies.
- **81.44(2)** *Action following training.* After the staff has received in-service training, if the facility has not achieved substantial compliance, the department of inspections and appeals may impose one or more other remedies.
 - **81.44(3)** *Payment.* The facility is responsible for the payment for the directed in-service training.
